I Learn I Do I Excel

From the Principal's Desk

Learning gives creativity. Creativity leads to thinking. Thinking provides knowledge. Knowledge makes you great."

Dr Abdul Kalam, scientist, educator and 11th President of India.

Hayde Heritage Academy was born out of the dreams of individuals who viewed the expansive, pristine and green campus as the foundation of a unique school where their passion for both education and young minds converged with their love for the extramural.

Gallant hero of 1965 war, Indian Army Brigadier Desmond E Hayde, Mahavir Chakra, his student and protégé Lt Col Kunwar Ajay Singh who is also an alumnus of IIM (A); and several others have together given the school the additional fillip which makes it different from other schools.

We believe every child is truly unique and with education they become a complete individual.

The School believes in all round development of the child under proper guidance reinforcing the personality of the student. This ensures the fact that every child is good in certain things and by honing those skills in that child we push him towards excellence.

Groomed under the aegis of a dedicated team of trained teachers, house masters and wardens the wards are expected to flourish to face the greater world outside. We believe that all our students will pass out as able global citizens.

Rupamala Singh
Principal

Campus Connect

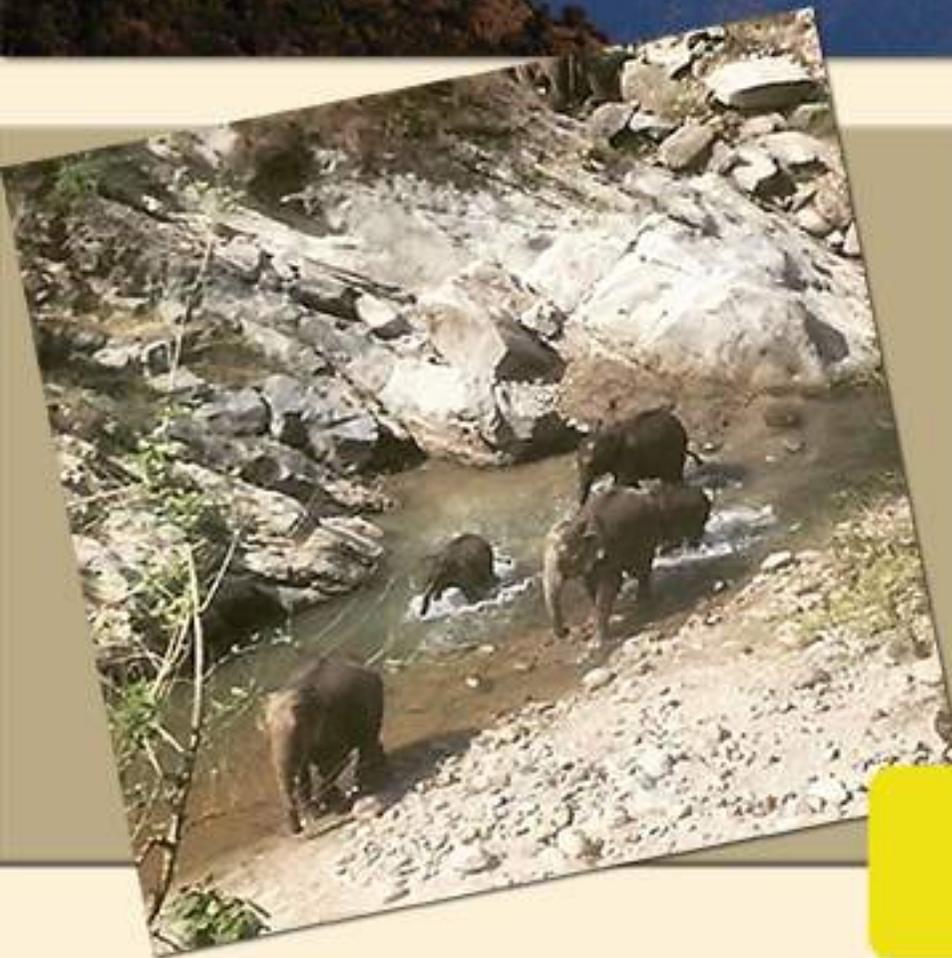

The pristine emerald green manicured campus covered with numerous trees has been developed as an ideal atmosphere for the children growing on campus. Managed with military rigour in both cleanliness and security the campus reflects discipline and orderliness.

Hayde Heritage students spend their days in a lush green, picturesque, protected campus with separate areas for the two learning environments: High School and the Early Childhood Education Center – Shishu for pre-kindergarten students.

The eleven-acre campus includes separate areas for academics, art and music studios, two libraries, spacious playing and athletic fields, a one-half acre School Garden, and separate playgrounds for early year toddlers.

Kotdwara Connection

Juxtaposed between the majestic Himalayas, crossed by three rivers and skirted by Corbett National Park, the largest habitat of the Tiger in India, Kotdwara is a must in a travelers list.

The school is located in a 10 acre campus right in the heart of Kotdwara, a popular commercial centre on the foothills. An hour's drive from Landsdowne, a hilly and picturesque British established cantonment town the town is 212 kms away from Delhi, 127 km away from Dehradun, 159 km from Mussourie, 148 km from Nainital, 187 km from Ghaziabad and 140 km from Meerut.

The climate of Kotdwara is generally temperate. The nearby hilly regions often get snowfall during winter but the temperature in Kotdwara is not known to fall below freezing. Summer is normally warm and monsoon spreads over 3 months in this picturesque town.

Joy of Learning

The curriculum followed at Hayde Heritage Academy is designed to support optimal learning for the young adolescent. Teachers focus on helping students in the areas of organisation, study skills, and basic strategies designed to help the students identify their learning style and how they learn best in order to prepare for the future. Students are encouraged to become active participants in their learning journey. Writing, discussion, project planning, organisation, critical thinking, and creative expression are all emphasised to ensure competency in preparation for their future academic endeavours.

Our ideal student to faculty ratio and the vibrant campus allows students to collaborate on projects in and out of the classroom. This positive and well balanced teaching ratio helps to provide individual attention to pupils. This results in a greater engagement between teachers and students, and the emergence of a substantial trust between them. In the long run it benefits students immensely by making them assimilate knowledge, practices and imbibe values. Pre-primary and Primary classes have the support of assistant teachers too.

Sports is life

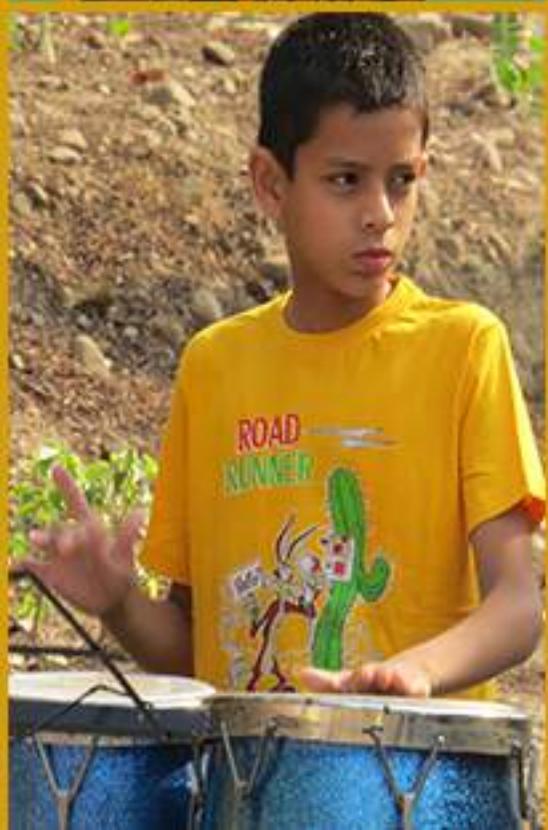

Sport is not only important for children's health. It also enhances learning achievement, team spirit, resilience and psychosocial and motor development. Children who do sports from a young age are more likely to go on doing so when they are older.

At Heritage we believe good sportsmanship provides guidelines that can be generalized to classroom and lifelong achievement. Participation in challenging sports contests teaches children to love classroom challenge. It also teaches children to function in a competitive society.

We believe Sports is necessary for fitness and fitness of body is linked to fitness of mind. The Sports we participate in:

- Horse Riding
- Swimming
- Yoga
- Tae kwon do
- Football
- Hockey
- Badminton
- Basketball
- Tennis
- Skating
- Adventure
- Cricket
- Volleyball
- Base Ball
- Hand Ball

Extra Murals

Heritage believes that Music and Art are just as vital to a child's education and well being as are Mathematics and Physical Education. Here at Heritage nobody says that you must know how to sing to take Chorus, or that you must be an amazing painter to go to Art class. That's not how it is; that's not why these subjects were put into our country's public schools. Performing and Visual Arts has been introduced in the school's curriculum to help broaden the cultural horizon of our children.

Visual Arts, Dancing, Singing, Orchestra, Band, Acting, Writing, etc. are all outlets for us to express ourselves in and also serve as a way for us to connect to others

Music helps the mind develop and grow and actually improves communication between the right and left sides of the brain, allowing one to gain better comprehension and memorization skills.

Involvement in the arts is associated with gains in math, reading, cognitive ability, critical thinking, and verbal skill. Arts learning can also improve motivation, concentration, confidence, and teamwork.

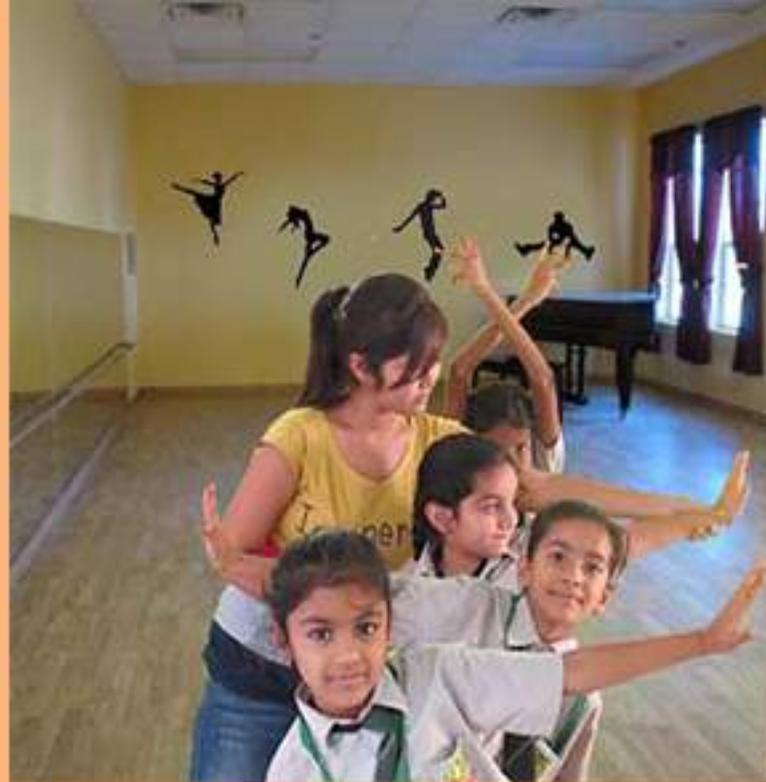

Living at Hayde Heritage

A school that is run on the principles of discipline and orderliness that is a characteristic of the Indian Armed Forces, the boarding houses to reflect comfort and homeliness within set guidelines. The well designed residences are not only modern a comfortable but also hygienic and clean. Under the guidance of the house parent assisted by the tutors each and every requirement of a child is fulfilled with utmost care, personal attention and affection.

The Boarding houses for boys and girls are well apart and completely secure. The houses are fitted with sturdy bunk beds for students of grades 4-8 and with single beds for senior students. The dining room is a pleasant and large room where the children are served their meals. Both the boys and girls boarding houses have a bright and comfortable common room each which has facilities for recreation of the children. The school has a well equipped and 24 hours infirmary to take care of the students who are unwell with support of a doctor and tie up with the local hospital.

Facilities and Utilities

The facilities provided at Hayde Heritage is build to help your child get the best in academics, sports and extra mural. The campus has been built in a manner to positively enhance the child's life.

It has large airy and well lit classrooms with large windows overlooking the hills and the green campus. Large child friendly library stocked with books both fiction and non-fiction encourages reading with its friendly and informative ambience. The well equipped science, mathematics and computer laboratories are technologically enabled for new age learning. The beautifully designed dance and music rooms resonate with talent, creativity and art. Sport is given precedence and physical fitness is considered to be of prime importance in a growing child. With this basic thought the school has sports amenities like athletic tracks, all purpose football and hockey field, cricket practice nets, basketball courts, horse riding arena, swimming pool both for toddlers and older children, tennis court, volleyball and handball court and indoor games for the students.

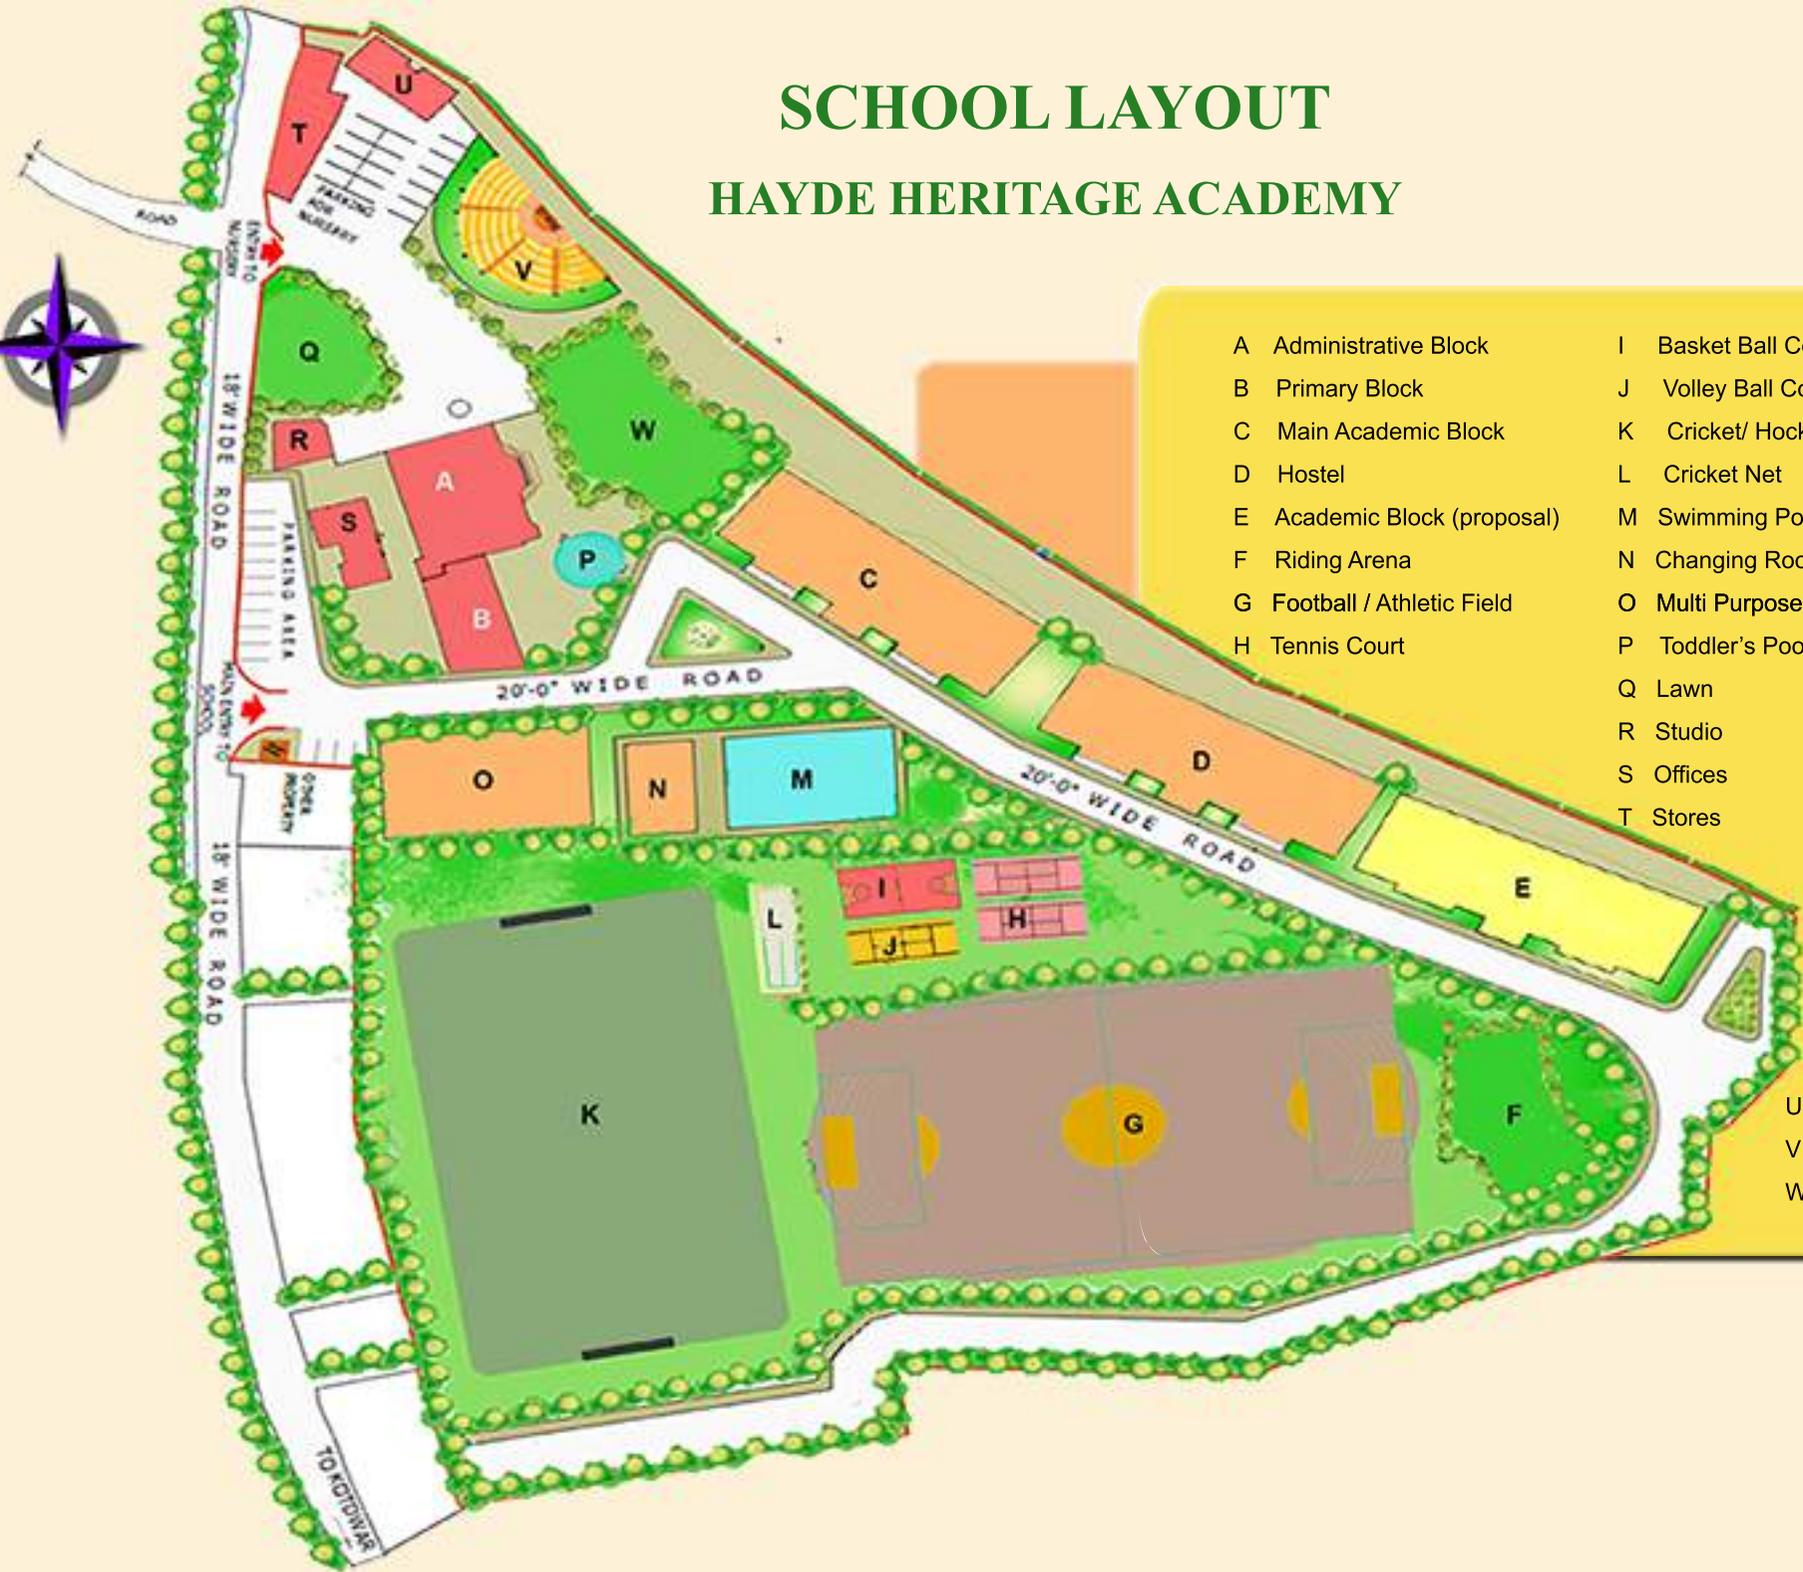

The school also has an amphitheatre for school functions and other events.

The campus is completely wi-fi-enabled allowing the children to take benefit of the internet in a controlled manner.
